

Sandusky County Positive People Mentorship Program

Making a Difference That Could Last a Lifetime!

The Sandusky County Positive People Mentorship Program was established to help the program's scholarship winners to be successful.

Going off to college for the first time can be both exciting and scary, especially if the student is the first in his/her family to experience college life.

SCPP is looking for volunteers who are willing to mentor a young person as they make this transition after high school. The Mentorship Committee has developed simple but practical advice that we share with our scholarship winners.

This is a chance for you to be a volunteer mentor. YOU could make a difference that could last a lifetime!
